

Gear2Go

Introduce patrons and staff to digital downloads with affordable MP3 players

Great titles are just the beginning

More than 9,000 libraries rely on OverDrive's Digital Library Reserve platform to deliver downloadable audiobooks, eBooks, music, and video to their patrons. With the Gear2Go program from OverDrive, libraries can provide the latest audio players that are guaranteed to be compatible with your library's OverDrive download collection.

Loan audio devices with Gear2Go

Affordable, durable, easy-to-use digital audio players from Creative are available to your library through OverDrive's Gear2Go program. We offer MP3 players at discounted prices that your library can use to train staff or loan to patrons. Staff members can better promote your digital collection. Gear2Go players also work with your library's OverDrive Download Station, giving patrons a chance to test drive the service before using it at home.

Get going with Gear2Go

- **One-stop shopping**
Order devices from OverDrive, the same provider of your download service.
- **Showing is better than telling**
Let your patrons experience just how portable your digital downloads can be.
- **Get your team on board**
Demonstrate the ease of downloading and transferring to mobile devices.
- **Offer a complete in-library download solution**
Make your library the digital media download center of your community.
- **One device, many checkouts**
Patrons can check out several complete audiobooks and enjoy them all on their Gear2Go device.
